

**LESSON REVIEW  
ANSWERS**

1. According to Hosea 4:6, what destroys people and how does it relate to healing?

**Hosea 4:6 states that God's people are destroyed for a lack of knowledge. A lack of knowledge about God's love and His will to heal all keeps many people from receiving healing.**

2. How would you respond to someone who tells you Paul's thorn in the flesh was a sickness that God put on him?

**Possible answer: Paul's thorn was a messenger sent from Satan to buffet, or to weaken him. In the Old Testament, a thorn in the flesh is associated with persecution and affliction. Paul then says that he boasts in his infirmities, which can mean human weaknesses. He never mentioned sickness in 2 Corinthians 11:23-33 when he listed all of his infirmities.**

3. What lesson about our physical well-being can we learn from Timothy?

**Possible answers: We need to be wise about the foods and drinks we consume; when there is a healthy alternative, we should take it and not tempt God's divine protection on us.**

4. What lessons can we learn about Paul leaving Trophimus in Miletus?

**Possible answers: While everybody doesn't get healed, that doesn't mean God doesn't will to heal everybody; apostles didn't have supernatural power or anointing that guaranteed every single person was healed.**

5. What lessons can we learn from Epaphroditus being sick and almost dying?

**Possible answers: Ministers can get sick; we have to be careful to not overwork ourselves and become sick from the overwork.**

6. What lesson can we learn from Elisha getting sick and dying?

**Possible answers: Elisha had a double anointing and saw signs and wonders, but he still got sick; even after he was dead, his bones were still anointed and caused a dead man to come to life; he ministered to the king right up until his death.**

7. Do you believe that healing passed away with the last apostle? Why or why not?

**Answers will vary.**
