

**LESSON REVIEW
ANSWERS**

1. What correlation exists between the process of being born again and the process of being healed?

The Word of God has to be planted in someone and then they can be saved. A person can't be healed without the Word of God being sown.

2. What activates growth in a seed?

The seed has to be planted in the ground. It is the ground that brings forth growth, resulting in a plant.

3. Considering Psalms 107:20, what is one way the Word of God is unlike a natural seed?

Not all natural seeds work, but God's Word always works.

4. What did you learn about the power of the ground for the seed that applies to healing?

Possible answer: I learned the ground activates what is already inside the seed to produce what it should, and when the Word of God is placed in my spirit, my faith gets activated.

5. What are the steps and stages of growth for a plant?

A plant grows when a seed is put in the ground, watered, and left alone for the ground to break down the seed and draw out the life from the seed.

6. What are the steps and stages of growth for healing?

The steps for healing are to read and plant the Word of God in my spirit and let it conceive through meditating on it. Then I let it grow on the inside of me by focusing on it and believing it above what anyone else says.

7. What is a new aspect of seeing the Word of God as an incorruptible seed that you learned in this lesson?

Answers will vary.
