

**LESSON REVIEW
ANSWERS**

1. How would you define “your identity in Christ?”

Identity in Christ is a revelation you get when you start to agree with and see yourself the way God sees you.

2. According to 2 Corinthians 5:17, why is your past not part of your identity in Christ?

I have become a new creation in Christ. My old nature, identity, and identification as a lost person have been erased. I now have the fullness of God living inside me.

3. Why isn't it correct to say “my identity *for* Christ?”

“My identity for Christ” implies I have to work, serve, or give to earn my identity in Christ.

4. What is your identity in Christ based on?

My identity in Christ is based on what Jesus did in the finished work of the cross through His shed blood and resurrection.

5. How should Proverbs 18:21 influence the things you say about your identity in Christ?

Possible answers: I should be speaking the Word of God: words of faith, life, and promise; when I speak about my identity, it needs to be how God sees me, which is positive; I shouldn't speak the lies of the Enemy.

6. Why does your identity in Christ matter when it comes to receiving your healing?

Possible answers: When God sees me, He sees Jehovah Rapha, the Healer; I can declare who I am in Christ and that I am healed; when I see myself as God sees me, I see myself well and whole.

7. What are some declarations you believe about how God sees you?

Answers will vary.
