Self-Examination Questions

Do you believe healing is the will of God for everyone, every time, and all the time? Why or why not?

Have you ever thought, “If it’s God’s will to heal every time, why am I struggling to receive my healing?” What answer do you have for this question now?

Can you think of an example of using your power and authority to speak to the enemy or sickness? Do you regularly use your power and authority in any area of your life, or does that need to change?

How will you exalt the truth above the facts of your health?

Prayer Points

Use these prayer points to write and to pray your own powerful prayer:

- Thank God for healing.
- Thank God that healing is His will for everyone, every time.
- Confess that you have not consistently used the power and authority He gave you.
- Praise Jesus for giving you *dunamis* and *exousia* power to use against sickness and the enemy.
- Proclaim that your focus will be on God’s Word and not your condition or how long you’ve waited for healing.
- Declare the truth of God’s Word over any facts about your health.

Action Steps

- In your Healing University journal, use the example of a deputy with a badge and weapon to draw a picture or write a scenario about your health. Imagine using your power and authority to confront your sickness, arrest it, and put it in a jail, out of your body. Draw or write what that looks like and what truth from God’s Word you use to show your power and authority.

- Settle in your heart that healing is the will of God and that Jesus has given you the power and authority to stop the works of the enemy. Examine your heart and, when you are ready, make the following declaration and don't waver from it:

I believe that healing is the will of God, and Jesus has given me the power and authority to stop the works of the enemy.

_____ (sign and date)

- Write your own answer to this question: *How will you use your power and authority concerning your health?*
