

**GO DEEPER**

**Self-Examination Questions**

*How would you rate the time you spend meditating on God's Word and getting it inside you to conceive your healing? Are there ways you can improve? How?*

*What scriptures are you standing on for your healing?*

**Prayer Points**

Use these prayer points to write and pray your own powerful prayer:

- Thank God for His Word.
- Acknowledge that the Word of God is absolutely essential for your healing.
- Thank God that His Word brings health to all of your flesh.
- Thank God that He sent His Word and healed all.
- Thank God that His Word works, even though you don't understand how it works.
- Ask the Holy Spirit to guide you as you meditate on scriptures regarding healing.
- Thank God that His Word will bring healing and activate the supernatural.

**Action Steps**

- In your Healing University journal, draw a plant or insert a picture. Write at the bottom of the page: "God intended for me to plant the seed of God's Word in my heart. Let that seed conceive and bring forth healing." Around the picture of the plant, write details of scripture references you are planting, things you are saying or doing, or anything that you are already seeing manifest.
- Settle in your heart that the Word of God is the incorruptible seed and that you can't be healed without the seed of God's Word being sown. Examine your heart and, when you are ready, make the following declaration and don't waver from it:

I believe the Word of God more than I believe anything else. I will place that incorruptible seed inside me, meditate on it, and it will activate the supernatural.
