

## POINTS TO PONDER

- If there was no sickness in the beginning and there is no sickness in heaven, why is there sickness now? Why has culture accepted sickness as a normal part of life?
- You can't experience God's will here on the earth as it is in heaven if you don't even know what His will is. It's important for us to know the will of God. And to know the will of God, we have to know the Word of God. A lack of knowledge of God or His Word in our generation is really an epidemic.
- Before Adam and Eve sinned, they were spiritually what we will be in eternity. God created them that way. They were fully alive unto God and would have lived forever in perfection. However, they traded what God said for what seemed to be good to them at the time. They broke the covenant.
- We were all born into Adam's family. But thank God, we can be born again into God's family through the second Adam, the Lord Jesus Christ.
- Sin will always take you farther than you want to go, keep you longer than you want to stay, and cost you more than you want to pay.
- God wanted Israel to experience how impossible it was going to be for them to be good enough to merit the blessings and never get any of the curses.
- Under the Old Covenant, behavior and actions determined whether you experienced blessing or cursing. This is why people who try to receive healing today based on their goodness or good behavior will always be frustrated. They're trying to qualify themselves by their own works instead of receiving the finished work of Jesus and understanding that we are now under a better covenant.
- Why would you put yourself under an Old Covenant and try to be good enough to qualify for God's blessing? It's because of a lack of understanding and knowledge.
- The devil was and is the one who is oppressing. Jesus only did the will of God. He never once went against God's will, and He always healed. This is why we know healing is always God's will.
- God sent His best so that we could enter into His rest.
- We're no longer waiting for healing to manifest. Healing is here.
- Receiving healing today is not based on your behavior. It is not based on your goodness, the things you've done, or how qualified you are. It is based on what Jesus did.
