Self-Examination Questions

What is your definition of grace? How does that apply to healing?

Why is it important to grasp the true meaning of God's grace?

Are there areas of your life where you accept grace and areas where you do not accept grace?

Why? What will it take for you reach a point where you accept grace for healing?

Prayer Points

Use these prayer points to write and to pray your own powerful prayer:

- Thank God for His goodness and grace.
- Ask God to help you continue to grow in your understanding of His grace for your life and for your health.
- Confess areas where you have done something to try to earn forgiveness or healing.
- Acknowledge that sin exists but proclaim your righteousness through Christ.
- Praise Jesus that on the cross He purchased your forgiveness of sins and your healing.
- Praise God that you can stand on amazing grace for your salvation and your healing.

Action Steps

- In your Healing University journal, write a thank you note to God for His grace. Detail what that grace looks like in your life and what impact it has on your health, now that you clearly understand it.
- Settle in your heart that God's amazing grace freely gives you healing through what Jesus has already done on the cross. God's grace through faith is how you received healing, just like God's grace to be saved through faith is how you enter into eternal life. Examine your heart and, when you are ready, make the following declaration and don't waver from it:

I believe that I receive my healing by grace through faith, not by works of the law.

_____ (sign and date)

- Write your own answer to this question: *What does “grace for receiving my healing” mean?*
