

## POINTS TO PONDER

- One of the reasons people lose the “amazing” in regard to God’s grace is they don’t see people’s lives being changed.
- We can no more be healed by our works than we can be saved by our works.
- The grace that brings forgiveness to you and that you receive by faith is the same grace that makes healing available to you. It too must be received by faith.
- The cross where Jesus bore your sins is the same cross where He bore your sicknesses.
- You have to act on your faith. There are works of faith, but you don’t get healed by works of the law any more than you get saved by works of the law.
- God, in grace, has extended forgiveness to you. If or when you sin, you need to run to Him and confess that sin. Sin has consequences horizontally in your life, even though vertically God has accepted, forgiven, and loved you unconditionally.
- You receive forgiveness by standing on the righteousness that Jesus provided for you—that’s a benefit.
- You may be tempted to get sick, and you may have symptoms of sickness trying to get in your body, but resist them and fight it just like you would sin. Believe you are healed by the stripes of Jesus and begin to receive it by faith.
- You’re not the sick, depressed, deprived, and diseased that’s trying to do something to get God to heal you. You’re the healed in Jesus whom the devil is trying to make sick. Resist sickness by faith.
- God healed you and made you whole in Jesus. He wants you to live free from sickness.
- A lot of people misunderstand the law, curses, punishment, and wrath of God revealed under the law. They think somehow God is making them sick or that God is punishing them for their sins.
- If you believe God is making you sick to teach you something, then why are you taking medicine and resisting the work of God?
- We pray for people and they get healed, not because we’re holy or doing things perfectly, but because Jesus lives in our hearts. It’s because of grace on us and because we’re believing and exercising faith in Jesus.

- The truth is, you've already got all of heaven itself in the amazing grace of God.
- Many people suffer from sickness and disease and being handicapped, not because God did or willed it, but because of sin in the world.
- If you yield to and obey God, it doesn't mean you won't be tempted with sickness. There still is the possibility of your body having an issue, and you will have to trust God.
- You are a righteous man or a righteous woman if you understand that by God's grace you're saved and you've believed in the grace of God. As a righteous man or woman in Christ, your prayers avail much.

**Want somebody to agree  
with you in prayer?**

Please call **719-635-1111** for prayer or for
