Self-Examination Questions

Have you heard that God “put sickness” on someone? How would you respond to that statement now?

What objections to healing have you had or encountered from others?

Prayer Points

Use these prayer points to write and pray your own powerful prayer:

- Thank God for His Word that shows the truth about healing.
- Thank God for the examples of healing in the Bible.
- Praise God for His love toward us to heal us.
- Ask God to open your ears to the truth and to help you disregard the objections and traditions of men.
- Thank God that it is still His will to heal all.

Action Steps

- In your Healing University journal, write down the objections to healing mentioned in today’s lesson. List them and write a detailed explanation of each situation, using scriptures to show why each is an invalid objection to healing. Review these from time to time until you become familiar with how to refute the objections to healing using scriptures.
- Settle in your heart that even though people have objections to healing, the Scriptures are clear that God still wills to heal. While everybody doesn’t get healed in the church, it is God’s will to heal everybody. Examine your heart and, when you are ready, make the following declaration and don’t waver from it:

I believe that the Scriptures are clear that God still wills to heal, and He wills to heal everybody. _____ (sign and date)

- Write your own answer to this question: *How would you respond to someone who has objections to healing?*
